Travis Knight and I had a Gospel conversation with Kimberly, recently moved to Ponce from Virginia with her husband to be near aging relatives. We prayed with her for the huge transition that she was experiencing and assured her that Jesus would be with her (she professed Christ as her Savior already) and help her. Tim was able to pray with a police Sargent. Everywhere we turned people were receptive to prayer and the Gospel. Though no one made an immediate response, Gospel seed was spread throughout Puerto Rico.

Church family, thank you for supporting us in prayer and in finances. Thank you for being a part of this week of missions. Continue to pray with us for all those who have encountered Christ through our BRFC family this week. Pray for Jonathan and Joanna Morales, the Send Relief directors in Ponce, and the summer teams that will follow us this year. May the harvest be plentiful and the harvesters increase.

will be at BRFC
Sunday—Wednesday
July 9-12.

"Preachers of the Past"

is a ministry of encouragement and outreach. Each first person portrayal of historical preachers and Bible characters seeks to build up the body of Christ and encourage the believer. Each character is portrayed in period costume and make-up. Every presentation has a strong Gospel message and encouragement to personal Christian growth.

It's acting, but it isn't make believe.

2023 Puerto Rico Mission

We are driving the hour and fifteen minutes back to the San Juan airport as I write this and think back on the week of Gospel mission in which four adults and nine teens from our church family were able to participate. Our main work project this week was the restoration of Felicita Alvarez's house, damaged in the recent hurricanes and earthquake, and leaking through the ceiling. Part of our team was able to re-seal the roof of the house, while the rest of the team painstakingly painted the outside of the house and all of the detailed iron work.

We enjoyed the week with Felicita, a sister in Christ; it was full of prayer to God, gratitude for each other, and joy in the midst of toil. It was a week of revival. While working on the house, the team was able to engage in conversations with neighbors and before the end of the week, many were asking about Send Relief coming to help them. Bingo! That's what we came for! Pray now that Send Relief will gain an even greater Gospel foothold in that community.

We were also able to have Gospel conversations with others off of the worksite. While visiting a local nursing home, we cleaned the facility and visited and prayed with the residents. Mark had a long visit with Benito, an Army Veteran of the Korean War and Roman Catholic. After much time talking (Benito knew some English from his time in the military), Mark prayed with him and promised him a Bible through Send Relief. Pray that he receives it, reads it, and comes to saving grace through Christ.
